24 NOV BIO-ALL'S SECOND TRAIN THE TRAINERS "For the International Joint Post - Graduation Programme"

The second train the trainer for the BIO-ALL's international joint post-graduation "Advanced skills for Innovation and Entrepreneurship in the BIOHEALTH Sector" took place online on November 24.

This event functioned to present the contents of the modules 5-8 to the professors from the three participating countries (Portugal, Spain and Italy). Cube-Labs designed module 5 (business strategy) and saw among the mentors participating Dr Renato del Grosso, Dr Roberta Gilardi and Dr Yulia Shmeleva. Each University (University of Beira Interior, University of Granada and Università Politecnica delle Merche) will welcome 10 students. This post-graduation will occur online, in English with all the pedagogical assets available in an online platform. The students will have online and local tutors, so they will be accompanied every step of the way. Module 5 of the post-graduation will start take place from 13th to 28th January 2021.

Classes: Wednesday and Thursday

Seminars: Tuesdays

(with classes on Wednesday and Thursday from 16h00 to 20h00 (PT time, +1h in Italy and Spain).
